## 1. About this document

This document describes the developed website to promote RI-URBANS objectives and results. This is a public document will be distributed to all RI-URBANS partners for their use and submitted to European Commission as an RI-URBANS deliverable 51 (D7.2). This document can be downloaded at <https://riurbans.eu/work-package-7/#deliverables-wp7>.

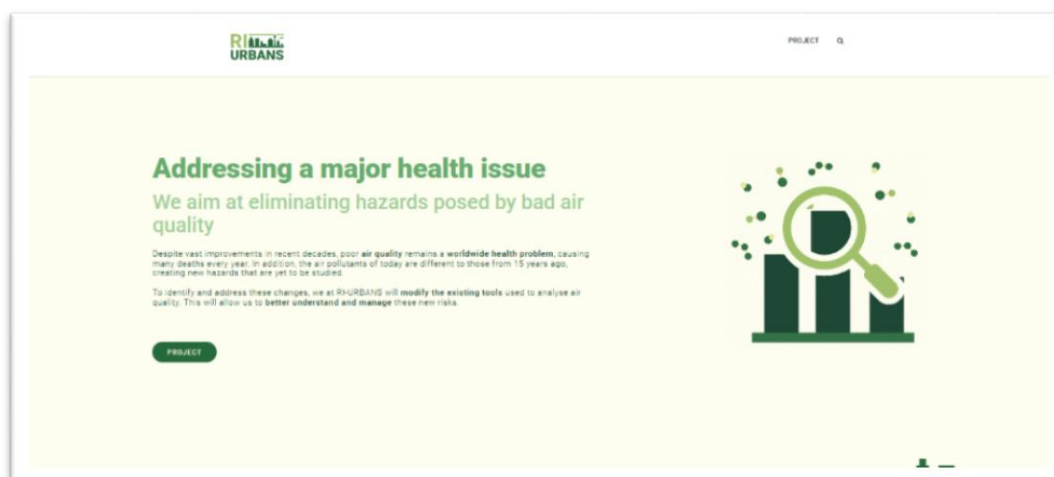

## 3. The website

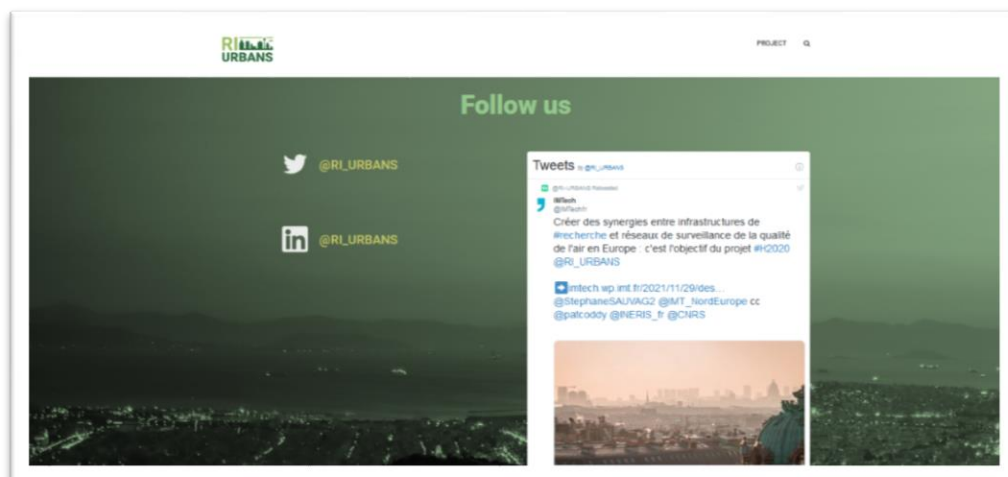

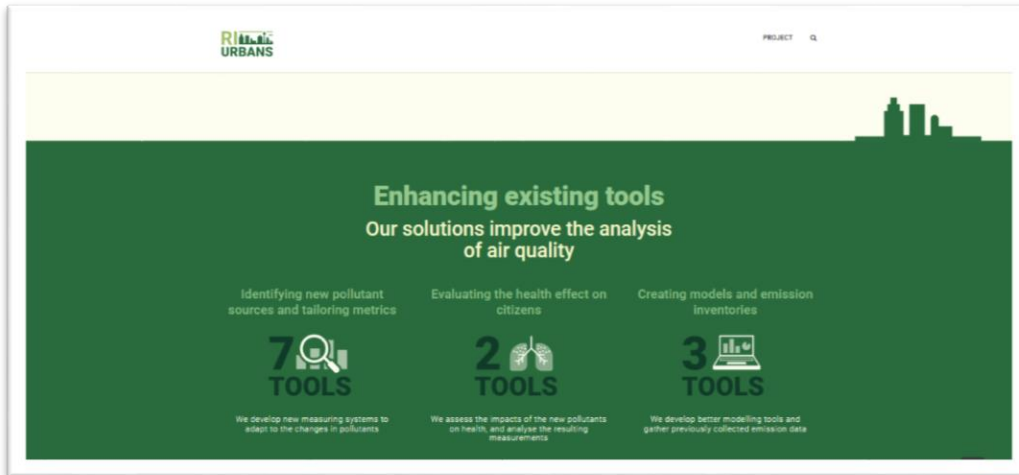

RI-URBANS outcomes and impacts on our society are key information to be delivered in an efficient way to a diversity of stakeholders ranging from AQMNs, to the research community, policy makers, citizens, educators and media. The development of RI-URBANS website aims to communicate and disseminate objectives, results and actions of the WPs between RI-URBANS beneficiaries and also all society.

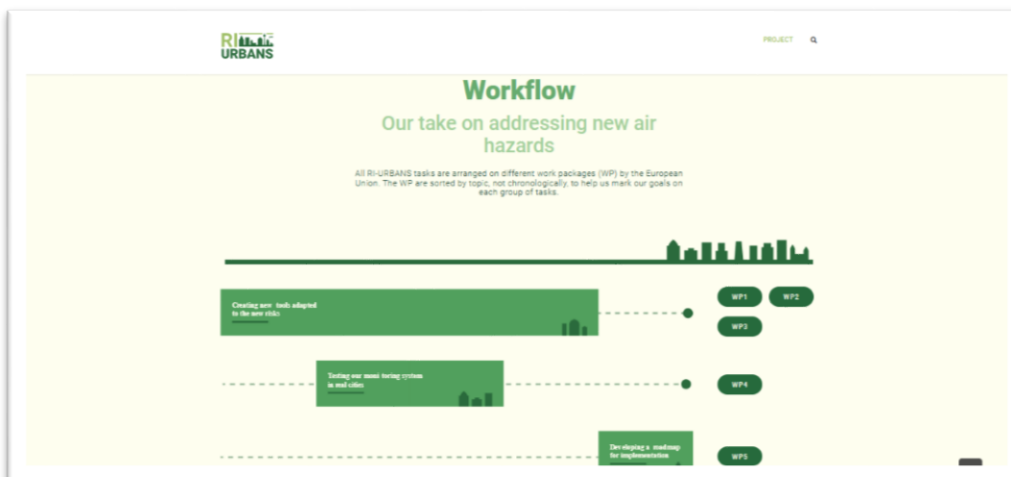

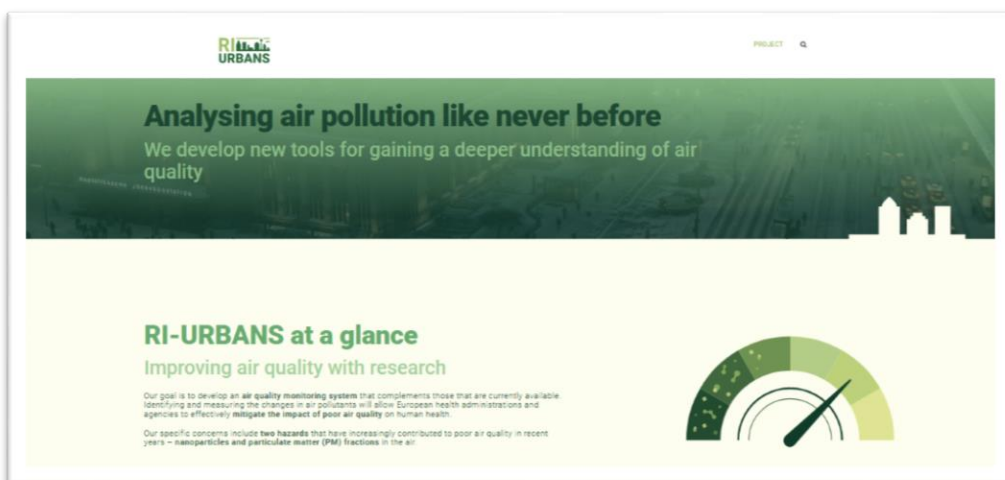

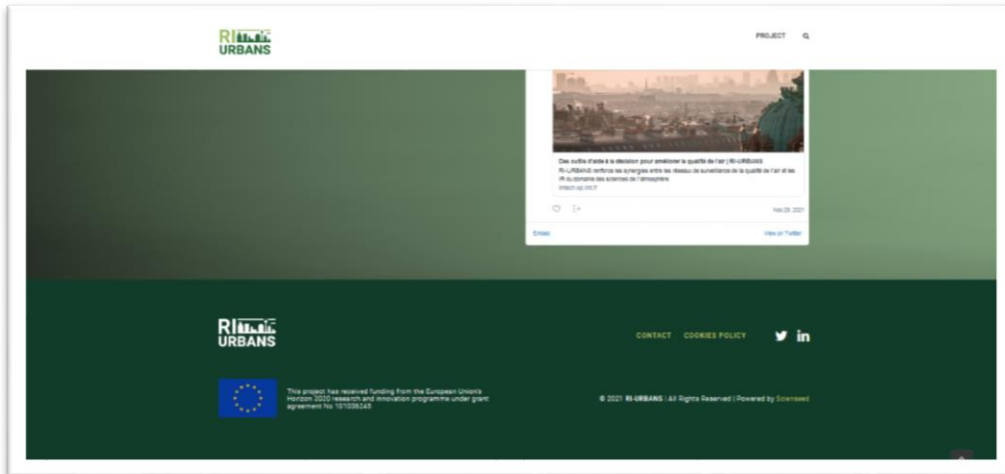

RI-URBANS website is available at <https://riurbans.eu/>
