Comments	Report describing the 'ethics requirements' that the project must comply related to Data Protection Regulation.

This document provides information about the Data Protection Officers (DPOs) of the project; details how the data we intend to process is relevant and limited to the purposes of the research project; describes the technical and organisational measures to safeguard the rights and freedoms of data subjects; describes the security measures that will be implemented to prevent unauthorised access to personal data; provides details on the informed consent procedures and evaluates the ethics risks related to data processing.

This is a Confidential document, only for members of the consortium (including the Commission Services). It will be submitted to European Commission as a RI-URBANS deliverable D62 (D9.1). It will only be available on the [EU Funding and Tendering Portal](#).
